Upper Animas RI SOW task order for USACE generic IA 10ARP15 (2).doc

Lets try this again. Got your email about calling you on your cell. I'm just about to leave the office on Sunday afternoon but I will call you tomorrow AM. Hopefully you will get this email with the SOWs.

Dan – Attached is the draft SOW for the WAF for PRP oversight, the revised draft SOW for the WAF for fund-lead RI and the SOW for the generic IA.

Could you please take another look at them and let me know if you have any comments? Robin Coursen, IA Specialist in R8 and I are going to try and get this IA going in the system this week if the SOWs look good to you and if we can get the IGCE's for the IA prepared.

Q – Should we be sharing with Gary and Chris (or whoever) prior to USACE receiving the “final” version in the IA documents?

Thanks.
